

October, 2018 Newsletter

Welcome to the October newsletter.

October - cold, short days, and time to winterize boats up here in the Midwest. It's also a time when a lot of Stingers are put up for sale, so keep an eye out on the for-sale section of the website.

Two boats were added to the for-sale section including a 1986 260 located in Florida, and a 1988 202 located in Tennessee. You can see both in the pages below or head on over to the website to see more pictures.

The number of Stingers in the registry stayed constant from last month at 905. However, there were Stingers added to the registry. So, how can that be? Well, it was pointed out to me that a couple of

boats in the registry were duped - I had multiple entries for a particular boat.

How do I end up with multiple entries for a boat? I do my best in matching up the Stingers in the registry either by hull number or some other identifying piece of information. But, in some cases I only have the photos to go off of, so I have to try and visually compare new photos with existing photos. I'd like to think that most of the time I can match up new photos if I have existing photos. But, sometimes I don't and add a duplicate entry. My goal is to make the registry as complete and correct as possible, so if you spot duplicates on the website please let me know!

This month's article is about the 3 year search to find a Miami Vice Stinger

390X - hope you enjoy the story as much as I did!

Until next month,
Han

Miami Vice 390X in the Making

Sometimes good things do come to those who wait.

Since the beginning of the website, many people have contacted me looking for specific Stingers they'd like to buy. Typically, a request goes something along the lines of "I'm looking to buy a Stinger 260 in good condition." This type of request is vague - is the potential buyer looking for a specific year, or a specific engine? And where is the potential buyer located? I respond to these requests, but after a couple of email exchanges, the communication usually stops.

In 2015, however, I received an email from a potential buyer named Tony. Tony's request was rather specific. Tony wanted to find "any 84 or 85 390X with a white hull and two single seats". In addition, he stated, "my perfect boat would be one of the Vice paint scheme boats". In short, Tony was looking for a Miami Vice Stinger 390X or a boat close enough to it that he could convert into a Miami Vice boat.

The Miami Vice Stinger 390X boats, of course, have the same color scheme and layout as the Stinger 390X boats used in the Miami Vice TV show. I don't have official numbers, but I believe there are less than 15 Stinger 390Xs in the Miami Vice colors in existence today. These are probably the most sought after Stingers, and the hardest to find.

When Tony told me he was looking for a suitable Stinger 390X, I told him it would be hard to find, and it might take a while. Over the years since Tony first contacted me, I sent him information on any Stinger 390X that met his requirements. And over the years, the 390Xs I sent to him didn't match - they didn't have the correct seating, or the wrong radar arch, or no radar

arch at all. Or they had the wrong swim platform, or had bow lights, or had too many exhaust vents!

The reason Tony was being so insistent on finding the right boat is that he wanted to restore a boat to as close to the Miami Vice boat as possible - and I can respect that. So I kept looking.

Finally, this past month, a 1985 Stinger 390X came up for sale. I had first learned about this boat through another member of the website who sent me pictures of the boat in 2013. This member had run across pictures of the boat while looking for a paint scheme for his boat. According to the pictures, at one point the boat was located in Idaho, and was named Revenge.

Last month the boat came up for sale in Texas. The pictures of the boat showed that the cabin had the Miami Vice colors. In addition, the cockpit had the right layout and the boat had a radar arch. As a bonus, the boat had stripes down the hull that

matched the pattern of the Miami Vice scheme. Once I saw this I quickly contacted Tony with my find.

Tony then contacted the owner, and setup a survey of the boat. Within two weeks of finding the boat for sale, Tony made the purchase - just in time for his 50th birthday!

So what are the plans for this boat? As mentioned, Tony plans on making changes to the boat to make it as accurate to the Stinger 390X used on Miami Vice. On the list of items to do is changing the color scheme of the stripes along the side of the boat. He will also be replacing the gauges with period-correct Teleflex gauges.

For me, I'm excited to see the progress Tony will make with this boat. I'm always happy when someone takes on a project boat and brings it back to life. And, in this case, I'm even more so as the result will be a Miami Vice 390X. You can be assured that I will provide updates on the progress of the boat in upcoming

newsletters, so that you
can follow along as well.

Model: 1982 260
Location: Waukegan, IL
Asking Price: \$21,000

For Sale: DIXIE NORMOUS 1982 Chris Craft 260 Stinger Built in 1982 in Bradenton, Florida I purchased this Boat in June 2009. This boat had a scratch and/or a ding here and there yet ran and drove quite well. I'm in my mid 70's and have been a boat person all my life, and I might add that I operated a full service boat company for several years. I'm quite capable of handling any mechanical, wood or fiberglass challenges. I'm retired and I have time on my hands, so I applied myself and brought this boat up to my standards. I also have many friends in the boat business so there's very little I or they can't handle. This boat has twin 260HP, 350cu/in engines with Alpha One outdrives. It has a Teak swim platform as wells a 3 blade stainless props. I repaired the dings and scratches on the hull, prepped then painted the hull. I used the original colors for the base cote then clear coated it. Over the years I made several changes (they're listed below) because I had the ability, time and finances. I've always used Mobil 1 15/50 in the engines along with Merc oil filters. All the parts and upgrades I have used on this boat were from Mercrusier. At present the exterior of this boat is as new as are all the cushions and seats. I never got to

the cabin which could use some updating. Upgrades and Enhancements that I have done to this boat. Paint entire exterior using original colors. 2010 Recovered and replaced the foam in all cushions and seats 2010 Installed remote oil filter up grade (for easy access.) 2010 Installed new exhaust manifolds & risers (center type risers.) 2011 Installed through the transom exhaust system (using 4" polished stainless) 2011 Complete ignition upgrade to Thunderbolt IV 2011 All new shift and throttle cables 2012 New Quicksilver controls 2012 Install onboard marine battery charger 2013 Install new trim and tilt sensors 2013 Complete Drive service on both drives 2014 Rebuild both Carbs. 2014 Installed new pedestals on front seats Added batteries (boat now has 4 batteries.) Installed battery quick disconnect switches Installed crossover switches for emergency starting

Model: 1984 312
Location: Round Mountain, TX
Asking Price: \$10,000

If you are looking at this Stinger, you probably remember the original Miami Vice Stinger 390. Back when go fast boats had beautiful lines and didn't look like a pointed watermelon. This 1984 Chris Craft Stinger 312 is an ALL original un molested boat with the original 330 Mercruiser 454's with original air cleaners and snorkels!!, All of the upholstery is original, cabin upholstery is good, cockpit upholstery was showing some wear and squirrels tore it up in a few spots as well, but it is the original upholstery. The squirrel damage could be repaired and you could get a little more use out of it, but it does have some wear and sun damage, It is 34 years old!. Gel coat and graphics could use a good polish, but are in good shape and original. The bottom has never been painted. I traded a Stinger 260 and a gob of cash for this boat in 1995 from a gentleman in Oklahoma, I loved this boat and used it for several years on Lake Travis in Central Texas, I then sold it to a good friend of mine who lived on the lake and never used the boat. He kept it inside and started the motors regularly but never put it in the water. The motors were last started about 4 years ago and fogged when shut off. I have had it back for a couple years now and have not done anything with it, so although it is a beautiful ornament in my shop, it really needs to be enjoyed by someone. I believe the motors have around 700 hours. It has the bullet proof TRS drives that were just fully serviced less than 10 hours ago, although it was 20 years ago.

New \$1800 stereo, 20 years ago, (in the factory location with speakers in the factory locations), When last used, 20 years ago, everything worked perfectly. It is sitting on an aluminum trailer that could use some love, but will get it where it needs to go with 3- 3500lb axles and 15" tires. It will have decent used tires that should get you where you are going and functional lights. The boat is on a Texas title in my name, the trailer will come with a bill of sale. This is very likely the only 100% original 312 Stinger in existence! I think with a general service it would be lake ready. The starting bid is the bottom dollar so don't even bother with lowball offers. I love this boat and am not excited about selling it but I haven't used it in 2 years and probably won't in the next 2 years and it takes up a lot of shop space and I don't have heart to put it outside.

Model: 1984 390
Location: Glenwood, IL
Asking Price: \$58,000

1984 Chris Craft Stinger 390x. original 440 hp cyclone motors rebuilt as roller motors, B&W trans w/ TRS drives, mirage props 367 hr on hull & 60 hrs on rebuilt motors, Stainless Marine Exhaust, Survey done in 2016. Includes a triple axle trailer, excellent paint & interior.

Model: 1984 390
Location: San Antonio, TX
Asking Price: \$49,500

Likely, the finest original 1984 Stinger 390X in existence, particularly in the rare factory beige/brown/yellow/orange color scheme. Continues to have original hardware, colors, graphics, stereo, refrigerator, gauges, outdrives, engines, and MYCO trailer. Engines rebuilt Fall 2014, only 20 hours operation since. Trailer improved with disc brakes (were drum), new springs, master cylinder hitch assembly, tongue jack, line lock for backing, chains and more. Cabin now has Teak floor and brushed stainless fridge door. Cockpit updated with amplifier, Rockford-Fosgate speakers, stainless counter/sink top, Teak floor and trim, new upholstery, new gauge bezels and powder coated surrounds and more. Engines extremely well cared for and start/run well. Outdrives received new bellows and carrier bearings Fall 2014 as well. Fresh cockpit, deck and bottom Awlgrip Awlcraft 2000 paint with professionally applied silicone anti-skid finish. Most of this boat's life was in Portland, Oregon in fresh waters of the Columbia River. Always high-and-dry or trailered. Currently in Southern California. This boat is a joy to own/operate, and particularly rewarding when answering to compliments, questions and admiration wherever you take it! Mionli Vice is truly an important part of American boating history that is gaining value and more notoriety every day. It can be yours!

Model: 1988 202
Location: Rochester, NY
Asking Price: \$8,000

I have a super rare 88' chris craft stinger 202 for sale. It has 165 hours on the hull. This boat is like brand new. I literally just finished it. This is the coolest fiberglass speedboat that Chris Craft ever made and was made for the Miami Vice tv series. They were built in very limited quantities and there are only a handful of these left. There is a website dedicated to them, I know of no other boats that have a cult following. I built this one to be better than it was originally. It is an attention grabber. I get compliments on it wherever I am and have had numerous offers on it even before I restored it. I'm selling it because I'm getting married and need the money. I just put well over \$7500 into it this summer alone and have well over 12K into it total. I had planned to use it but sadly, it needs to go. Weddings are insanely expensive and I'm finding out the hard way. I replaced the motor and outdrive. It has an OMC 4.3L v-6 and an OMC cobra outdrive. Next, I gutted the boat completely and installed new marine ply, fiberglass, carpet, custom-built seats and engine cover and had everything professionally upholstered. I installed a new GT steering wheel, a Sony marine cd/mp3/satellite radio, which sounds awesome, a new bilge pump, new fuel lines, new aluminum swivel/slider/adjustable height seat posts and new Tracker style folding seats. The interior work cost over \$4K alone but was well worth it. It came out awesome. I had a 4bbl. Rochester carb installed which brings the HP up to 205 and will do over 60MPH. I had the pin striping re-done on the boat and matching Shorelander trailer. I replaced the tires, lights, and started to strip and repaint the entire trailer. It also has a new deep cycle battery. There are 2 swim platforms molded into the stern that have teak footboards and they were also refinished and look great. I also just purchased a new trailerable cover for it. I even just filled the tank with ethanol free 93-octane fuel. I'm probably forgetting a lot. If you're interested you must include the words eighty-eight chris craft to get a response due to spammers. I know it's the wrong time of the year to sell a boat and I could get more for it this spring which is why I priced it where it is. It is well worth the money. Chris craft builds the very best boats around and this one is better than new.

Model: 1988 260
Location: Kingston, NY
Asking Price: \$4,500

Boat Hull is pretty clean, Imron paint two years prior to me buying her in 2013 (per previous owner), set up for SBC twins and alpha drives, off- color repaint spot, stbd side above rub rail. DOES NOT INCLUDE ENGINES, but includes drives, bennet tabs, all cables, rigging and harnesses in place. Has drop down bolsters with adjustable headrests, but the upholstery is SHOT. the top edges are all split from sun and exposure (prior to me owning it), no back seat and no sunpad cushions. Cabin cushions are intact and upholstry is good. Through-hull exhaust and integral swim platform. Chris Craft also puts the HIN on the hull itself so you can run it with the platform removed. Includes Boatmaster aluminum double axel trailer, needs new brakes, tires good, 6 lug wheels. I'm open to offers and possible trades (work van?) (big Blocks?). She needs some work but I also restore these and i know what a great boat she will be again, i just happen to own several Stingers and i need to let one or two go.
